

Frisco Citizen Assistance Program

If you are in need of a helping hand, please know that you are not alone. Over 500 persons in Frisco are currently enduring unemployment. There are places to go for help in our community. Here are just a few of the many services offered in our area:

1. Frisco Family Resource Center (formerly Frisco's Future)

Food Distribution:

Qualified families shop with vouchers for food in our Food Pantry. Food is donated by area residents, churches, civic groups and businesses, or purchased from the North Texas Food Bank.

Information & Referral Services:

The agency serves as an information and referral clearinghouse, providing links to hundreds of social service providers throughout North Texas. Our social workers assist clients to help identify their needs and help with providing critical services and information. Emergency assistance may include:

Rent/Mortgage/Utility Assistance:

Whole or partial payments of rent/mortgage/utility bills are provided to families who qualify.

Medical Expenses & Referrals:

Prescription medication costs and other medical expenses may be provided for qualifying families.
